Coming Together Federation	Holding Together Federation
(1) Such a federation is formed by the independent states coming together on their own. They unite to strengthen their sovereignty, retain their identity and increase their security. (2) All states have equal power and are strong vis-a-vis the central government.	(1) Such a federation is formed by a large country that decides to divide its power between the constituent states and the national government. (2) Where the central government is more powerful vis-a-vis the states. Often states have unequal powers. Some units are granted special powers.

References [The judiciary] no single serves to moderate the immediate damage to [unfair legislation] that may have been approved, but operates as a verification on the legislative management in passing them; Who, realizing that obstacles to the success of the Intention Intention are expected from the tribunal writing, are in a compelled way, for the own reasons for the injustice they meditate, to qualify their attempts. 17 This is a calculated circumstance for more influence on the character of our governments, than, but few may be aware of. 18 Benefits of integrity and moderation of judicial have already been directions in more states than one; And although they may have displeased those whose sinister expectations may have disappointed, they must have ordered esteem and applause from all virtuous and disinterested. Just suppose that the power of the people is greater than both; and that when the will of the legislature, declared in its statutes, remain in opposition to the people, declared in the constitution, the JUDGES must be governed by this last and not the first. There are 13 years that the own authorities are the highest authority for the government, which they affirmed in the constitution is more important than their representatives write in common law. It was frequently observed, with great propriety, that a bulky code of laws is one of the inconveniences necessarily related to the advantages of a free government. [A judge who commits anti-ethical or illegal acts can be removed by Congress in the impeachment process.] What an inflexible and uniform adhesion to the rights of the constitution, and individuals, which we perceive to be indispensable à
